# What do we do ?

- **Organize sessions** at ICC with focus on cognitive processes when using maps and interactive GeoVA systems.
- **Organize annual meetings** of the commission, often in conjunction with other ICC commissions.
- **Disseminate findings** of our meetings through an up-to-date Commission website, and peer-reviewed scholarly outlets (i.e., CP 2014, IJGIS 2014, CAJ 2012).
- **Seek out the involvement** of young researchers by including opportunities for training (i.e., tutorial session at 2015 ICC Pre-Conference meeting in Curitiba & AutoCarto Columbus 2012, Pre-ICC 2013 eye tracking workshop).
- **Maintain a website** for electronic dissemination of research on Commission-relevant issues
